

Cost Segregation Services

Cost segregation studies are one of the most cost efficient tax strategies available to real property owners. This popular strategy offers real property owners the opportunity to defer taxes, reduce their overall current tax liability and improve their current cash flow. Qualified owners can benefit from a cost segregation study. By engaging the expertise of our Cost Segregation Specialists, property owners will be assured that their study will stand up to the strictest scrutiny of IRS auditors. Our Mission: We are Cost Segregation Specialists and provide Engineered Cost Segregation services to businesses with real estate investments. Our service is to help our clients find a better return on their investments, find more cash flows, and ultimately build a better business.
